

Sweet Tea

Amount	Measure	Ingredient - Preparation Method
4		qt sized tea bags
2	cups	sugar

Bring 2 quarts cold water to a boil in a pot over high heat, add tea bags. Remove pot from heat and allow to steep for 4 minutes.

Meanwhile combine 2 quarts cold water with sugar in a 1 gallon jug. Remove tea bags from pot, pour hot tea into jug and stir well.

Yield: "1 gallon"
